

# Update on CCANZ Public Lead Activities, Dec 2015-Feb 2016

---

To: Creative Commons Aotearoa New Zealand Advisory Panel  
From: Matt McGregor, Public Lead  
Date: 16 November 2015

---

## Organisation

### *Regional Facilitators*

The regional facilitators have provided three workshops.

### *Funding and Partnerships*

We are meeting the reporting requirements of both InternetNZ and LINZ. Please see the funding update for more details.

### *Victoria University of Wellington*

There has been no progress on the application for funding to the Law Commission to fund Creative Commons-related initiatives, and potentially a new CCANZ affiliate.

### *Volunteers*

We have one additional volunteer since the last meeting. We have updated our volunteer guidelines.

### *Loomio*

We are continuing to report on Loomio on a regular basis.

## Projects

### *Schools: Cross sector working group*

The cross-sector working meets the Friday prior to this meeting.

### *Schools: New Resources*

We published our new video and handbook in late December.

### *Schools: Resource Sprints*

The OER Sprints are building slowly. The focus is on building a model for making and adapting OERs that we can use and share in the future. We currently have four events planned.

*Schools: Pond and CC*

The Network for Learning are planning to implement CC licensing in Pond in Q2 2016. This will be supplemented by a marketing campaign from N4L.

*Copyright and Reform*

I have met with a range of organisations, in an attempt to determine a range of shared recommendations in advance of the review.

*Research: Health Research Council*

I am meeting with representatives of the HRC prior in late February to discuss a path forward.

*Research: Open Access Implementation Guide*

Working with AOASG, we are developing guidance for researchers looking to meet the requirements of their open access policy.

*Heritage: Sector Organisations*

Elizabeth has been meeting with NDF, and will look to coordinate our open GLAM work with them.

*Journalism: Introductory Resources*

An introductory pamphlet has been published and printed.

*Affiliate Community: CC Project Guidance*

I have interviewed and produced draft case studies on CC Poland, Uruguay and South Korea, as a contribution from New Zealand to the CC affiliate community.

*Website: New Website*

I have had extensive conversations with a range of CC community members. We are currently engaging Jem Yoshioka to produce some initial designs and determine an appropriate theme for the site. Elizabeth and I are writing new introductions to our project areas.

*Workshops, Presentations and Conferences 17 November to 15 February*

CCANZ staff and volunteers provided 3 talks and workshops over this period.
